November / December 2021

To nurture a garden is to feed not just on the body, but the soul.- Alfred Austin

Time To Celebrate

Now that we are close to the end of our growing season and winter, it's time to celebrate the holiday season. From Thanksgiving Day through New Year's Day, please travel safely to your local or long distance destinations and have healthy and wholesome gatherings with your families and friends.

Happy Thanksgiving

Happy Hanukkah

Merry Christmas

Happy New Year

Happy Holidays & Season's Greetings!

Past Newsletters

Thank you to garden member Anne Traer, who rearranged and updated our website with past issues of the Riverbend Community Garden Newsletter.

Did you miss an issue? Please visit our website: riverbendcommunitygarden.weebly.com/ to catch up on what you missed or to give you inspiration for next year's garden season.

Garden Waitlist

Our garden waitlist has dwindled from approximately 40 to 6 or 7 potential new members ever since the Medford Garden Commission developed new community gardens throughout Medford.

Do you know anyone who is interested in joining Riverbend Community Garden? If you do, please ask them to visit our website: riverbendcommunitygarden.weebly.com/ and tell them to click on the To Join the Garden link and complete the short application. Or, if it's easier for you, ask them to email their request to join the garden to our email address: riverbendcommunitygarden2003@gmail.com.

Thinking Ahead to 2022

Thinking ahead to our 2022 garden season, The City of Medford no longer provides stone dust to the garden. It's been several years since we've replenished the stone dust and the weeds are becoming more widespread as the years go by.

Does anyone have any suggestions for the stone dust paths?

Year End Survey

Enjoy the holidays, wish for a mild winter, start planning for next year's garden season and watch for the year end survey.
